Sources of evidence	Inform us of past events, this can include letters, stories, objects and images. (There were no photographs at this time)

Key knowledge

When and where did the fire start? The fire started on Sunday 2nd September 1666 in Thomas Farriner's bakery on Pudding Lane

Why did the fire start? The fires used for baking were not put out properly.

Why did the fire spread so quickly? In 1666, the buildings in London were made of wood and straw and they were very close together, making it easy for the flames to spread. It had also been a dry summer, so the buildings were dry. Strong winds were blowing, which helped the flames to spread.

How did people try to put the fire out? People used leather buckets and water squirts to try to put the fire out, but these did not work. Later in the week, King Charles II ordered buildings to be pulled down to stop the flames from spreading.
